## What people say about this book

Wendy Briggs, "Perfect for young first time decorating. My granddaughter loves this, it was a great gift to help with her decorating. Goes well with her decorating kit."

Ebook Library Reader, "Delicious looking recipes.. Granddaughter was thrilled with this gift. She will need hands on supervision. Section on cake pops looked like the most fun."

bonster, "Cute and Fun Projects!. Ok, so I've had this book for about 8 months, and finally got around to making one of the recipes. The pictures and ideas are all REALLY cute. My 8 yr. old step-daughter takes the book down and goes through it regularly. Part of the reason it took me so long to make the project we were eyeing is because some of the ingredients needed to be purchased at a craft store and not at the grocery store. The craft store didn't have everything we needed so I had to improvise a little. We made the owl brownies (picture posted above). They turned out to be really easy, even though it looked a little complicated from the picture. It ended up being fun for both of us, and makes me want to try more. Also - the frosting recipe was really good. One of the best chocolate frostings I've had."
