About the AuthorFounded in 1852, the American Society of Civil Engineers is the nation's oldest engineering society. ASCE now stands at the forefront of a profession that plans, designs, constructs, and operates society's economic and social engine--the built environment--while protecting and restoring the natural environment. Through the expertise of this active membership--145,000 professionals in 174 countries--ASCE is a leading provider of technical and professional conferences and continuing education, the world's largest publisher of civil engineering content, and an authoritative source for codes and standards that protect the public.

What people say about this book

Jennifer Billings, "Great Mater story. My son loves this book it came fast and in great condition"

Tricia, "We love Cars and Mater and all of our other Cars This book is advertised on other LGBs and my son kept asking for Mater Ghost. So of course I had to buy it. It's such a cute story! We love Cars and Mater and all of our other Cars books go along with the movies so I was interested to see what story they came up with. I have to say, I probably liked the story just as much as my son did."

Sharon Dias, "Nice book. I got this for my son because he loves the movie cars and everything to do with it and he especially likes the ghost light short. Because he's not yet 3, I think a hard board book would have lasted longer, but then again, I suppose this is for older kids. I just thought the quality of the book would be better."

A. McNulty, "A Cars ghost story!. A Little Golden Book full of your child's favorite Cars characters. This story focuses mainly on Mater, but there are guest appearances by all of the Cars favorites. This is great for snuggling up with your munchkin for a nice story time. The words are probably a little bit too much for a young child or toddler to read on their own, but it's great fun to listen to."

Diana Murphy, "Modern Golden Books. I remember having a ton of little golden books as a child and now can share that with my children. Nicely made book that is very easy to follow and the pictures were very colorful. My son really likes Mater and his adventures. Great book in which we will enjoy reading for years to come."

Jeff Belfiore, "A quick read for little Mater fans.. I can now read this book by heart. Those of you that are parents of toddlers know this is the mark of a good book. The story is nice and short, there's lots of fun sounds you can make with your little one and it's a nice story to remind your children that not everything scary is real."

Jean M Brown, "Birthday present. This was a requested present for my 5 year old grandson. He was excited and enjoyed reading it. I haven't bought a Golden book in years, glad to see they are still the great quality and value that they were when my children, and I were growing up."

S Jarvis, "Toddler loves it but parents not quite as much. We have other books from this range so no what to expect re quality. Our toddler is into spooky stories and saw this book advertised on the back of another one. Good story, short however and some of the colours on some pages are a bit shockingly poor quality but he loves it."

Love2Read, "Great Title!. This is a great spin-off, superb illustrations and suspense, your little ones will love it. A Non-scary ghost story based on trickery."

Bean, "must have. My 3 yr old is Cars mad. This is his favourite story and he knows it word for word now, having got this book for his birthday. The movie short is on the dvd, so he already knew the story, but this book is just his favourite all time book."

The book has a rating of 5 out of 4.5. 172 people have provided feedback.
