What people say about this book

ladyvee, "Great Book Great Value. I was able to purchase this book for around \$25 thru Amazon/Bookbyte. Glad I got it early and I know what to expect from the exam. I like how it gives references to where you can find your answers. Even if you get your answers wrong on the CD, it tells you what the right answer is and where to find your answer. (Suprisingly, you can remember the right answer when you come across the question again. I am very pleased!"

mell mell, "Required Reading for RHIT. This book was very instrumental in preparing me for the RHIT Exam. The book along with the CD gave me an idea of what to expect on the exam. The material covered a wide range of topics. If you just follow the suggestions for studying you will cover enough material to pass the RHIT exam with flying colors!"

The Lone Angler, "Excellent Exam Prep Tool. I found of all the RHIA exam tools, this one was the best and most comprehensive. It is not necessary to get the latest version, most of the material remains the same. The CD is a great practice tool."

C. Kruger, "Lots of information. I bought this to see what information I needed to learn to pursue this career. I am sure I will use it to study for the exam, when the time comes. I like the fact that it has a cd with it. Seems to have lots of information and should be very helpful!"

Kelly Ruff, "Like. It covers great detail about everything that I took in class. I really like the depth of this book. Enjoyed!"

S. Yang, "So far so Good!!!. This is a good book to study for the RHIT examination. I like it so far. I bought this book along with others and hopefully I will pass the exam."

Natalie P., "As advertised. As advertised. No complaints."
