

# Learning Linux Kernel - Process Management and Scheduling (Japanese Edition)

*by*

Kristina Harrell

**EBOOK DOWNLOAD**

## **Synopsis**

Linuxカーネルにおいてマルチタスク環境がどのように実現されているかについて、スケジューラの内部構造を解説。

## **Sort review**

"This wonderful book will help you transform bits of glass and tile into works of art. There is enough instruction throughout so that anyone could do these projects." — Library Journal  
About the Author  
Emma Biggs and Tessa Hunkin are professional mosaicists. Their previous books include *Outdoor Mosaic* and *Mosaic Workshop*.

## What people say about this book

みなみぞの, "Read this book. Then reread it.. Let me just say that this is an amazing read!! I don't know why I bought this book as it isn't something I'd usually go for. It is different but I really did enjoy it.The Kindle book is read by the author and I would highly recommend this as well.I read a few of the other reviews before writing this. I have to say, some people put way too much work into it."

The book by Kristina Harrell has a rating of 5 out of 3.0. 10 people have provided feedback.
